TO OUR VALUED PATIENTS:

Thank you for choosing RRHWC for your care. We are committed to providing you with the best possible service. Please review our office policies below. If you have any questions, please ask one of our staff to assist you with an explanation.

TIME OF SERVICE PAYMENT

Payment is required at the time services are rendered unless other arrangements have been made in advance. This includes applicable and estimated co-insurance and copayments under your insurance policy, deductible amounts, and non-covered services. If there is a remaining balance due after your insurance carrier pays, you have 30 days to make payment on the invoice.

INSURANCE

As a courtesy to you, we will bill your insurance company for the services rendered. You are ultimately responsible for payment of all services including denials, non-covered services, or outstanding balances after your insurance carrier pays. Our staff will give you an *estimate* of what you'll owe each visit. Please be sure to inform the front office staff of any changes in your policy or information. If you do not have your insurance card with you, your account will be considered self-pay until you provide us with the appropriate documents.

REFERRALS

Your insurance may require a prior authorization for some services. It is your responsibility to make sure your PCP has submitted this authorization to your insurance carrier by the time of your visit. Without required authorization, you will be responsible for full payment at the time of service until the required documents are submitted.

NO-SHOW/CANCELLATION POLICY AND FEE

A missed appointment leaves an empty slot that could have been used by a patient in need of medical care. We therefore request that patients who are unable to keep their scheduled appointments notify us in advance so the time might be made available to someone else. We require a minimum notice of 24 hours (or before 1pm on Saturday for a Monday appointment). Appointments that are canceled without required notice, including same day cancellations, will be subject to a fee of $25 for the first cancellation and up to the full service cost for repeated incidents.

GOOD FAITH ESTIMATE

The purpose of this information is to eliminate the major reason that patients do not follow through with the correction of their health problem—finances. We understand how confusing insurance coverage can be. The following is intended to inform you of our charges as accurately as we can. If you do not have health insurance, choose not to bill your health insurance, or if your health benefit plan does not provide coverage for all the health care services you are scheduled to receive, we have self-pay rates that are compliant with our state and federal regulations. We also offer discounted care plans for those not using insurance which will be provided to you at your second visit.

Disclaimers:

There may be additional items or services that we recommend as part of the course of care that must be scheduled or requested separately and are not reflected in this good faith estimate.

This Good Faith Estimate shows the costs of items and services that are reasonably expected for your health care needs for an item or service. The estimate is based on information known at the time the estimate was created. Actual items, services, or charges may differ from the good faith estimate. Keep a copy of this Good Faith Estimate in a safe place or take pictures of it. You may need it if you are billed a higher amount.

The Good Faith Estimate does not include any unknown or unexpected costs that may arise during treatment. You could be charged more if complications or special circumstances occur. If this happens, and your bill is $400 or more than your Good Faith Estimate, federal law allows you to dispute the bill.

If you are billed for more than this Good Faith Estimate, you may have the right to dispute the bill.

You can contact us, let us know the billed charges are higher than the Good Faith Estimate, and ask us to update the bill to match the Good Faith Estimate, ask to negotiate the bill, or ask if there is financial assistance available.

You may also start a dispute resolution process with the U.S. Department of Health and Human Services (HHS). If you choose to use the dispute resolution process, you must start the dispute process within 120 calendar days (approximately four months) of the date on the original bill.

If you dispute your bill, we cannot move the bill for the disputed item or service into collection or threaten to do so, or if the bill has already moved into collection, we are required to cease collection efforts. We must also suspend the accrual of any late fees on unpaid bill amounts until after the dispute resolution process has concluded. We also cannot take or threaten to take any retributive action against you for disputing your bill.

There is a $25 fee to use the dispute process. If the Selected Dispute Resolution (SDR) entity reviewing your dispute agrees with you, you will have to pay the price on this Good Faith Estimate, reduced by the $25 fee. If the SDR entity disagrees with you and agrees with us, you will have to pay the higher amount.

To learn more and get a form to start the process, go to www.cms.gov/nosurprises/consumers or call 1-800-985-3059. For questions or more information about your right to a Good Faith Estimate or the dispute process, visit www.cms.gov/nosurprises/consumers, email FederalPPDRQuestions@cms.hhs.gov, or call 1-800-985-3059.

The initiation of the dispute resolution process will not adversely affect the quality of health care services furnished to you by our practice.

This good faith estimate is not a contract and does not require the uninsured (or self-pay) individual to obtain the items or services from any of the providers or facilities identified in the good faith estimate.

I have received, read, and understand this disclosure.
